

CORALLISA
SIGNATURE HOMES IBIZA

Unique *design* and exclusive *situation*

Ibiza's distinctive energy and natural beauty are undeniable. **Corallisa Signature Homes** embrace this **authenticity** within a magnificent, exclusive and refined private estate, second-to-none on the "White Island".

Corallisa is unique in its close proximity to Ibiza Town and its marinas, whilst offering **tranquil seclusion and privacy** in one of the most stunning and sought after areas on the island.

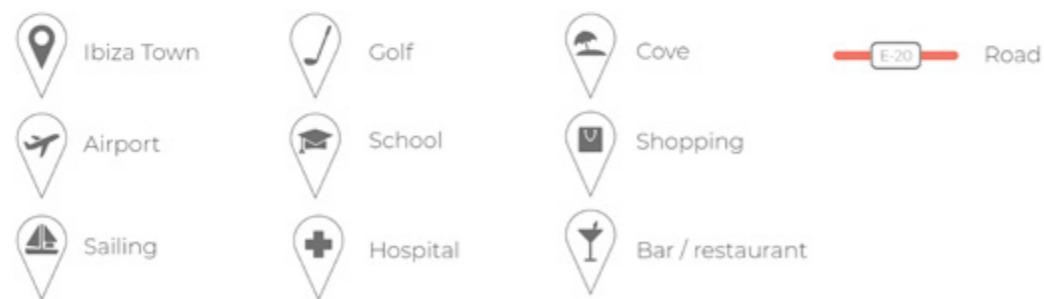

This development is not only exclusive in that it borders and overlooks the **Roca Llisa golf course**, it also boasts **controlled access and outstanding security**, and provides all the **premium services of a high-end gated community**.

Throughout Ibiza you will not find a more **authentically styled, exceptionally designed, prestigious development** that respects and integrates with its **natural environment** and surroundings and offers enchanting views.

Location and distances

DISTANCES - - - Santa Eulalia: 7 km - - - IBIZA: 9 km - - - Port: 10 km - - - Airport: 15 km

Our priorities: *privacy and protection*

The Corallisa development offers **premium security systems** throughout the domain, ensuring optimal safety and protection in the heart of unspoilt nature.

The exclusivity of the Corallisa estate starts with **secured access to each villa**. Owners, and their authorised guests, will first pass the secured entrance of Roca Llisa, then through the **manned security gate** permitting access to the Corallisa domain, from where **private roads** lead to each property which is entered via an **individual, personalised security system**.

Each property sits on a **landscaped plot of at least 1,500m²** with **complete privacy** from neighbouring residences. The building density has been kept minimal so that each villa magically coexists with its woodland surrounding in this beautiful and privileged environment.

*Encompassing exceptional
innovation, architecture
and style*

Corallisa Signature Homes will bring the summer vibe into your life with the most **desirable light-filled interiors** and **imposing architecture** that will have you imagining you are living in the midst of the azure and emerald surroundings.

The Corallisa domain embraces the **innocence and diversity** that comprises Ibiza's unique style by incorporating the textures and forms which shape the indigenous aesthetic of the island.

Tree-lined infinity pools, local stone, exceptional diffusion of natural light, optimum energy efficiency, and seamless integration of interior and exterior space, are all standard features of the innovative architecture of the **Corallisa luxury villas** - where **supreme comfort meets eclectic design**.

*Total seclusion
and spectacular vistas*

Each Corallisa villa enjoys an elevated position offering **stunning panoramic views** of both the pristine greenery of the golf course and the pine forests beyond. **Privacy** is not compromised as each villa features complete, unwavering seclusion.

*Efficiency and integrity
complement superlative
specifications*

The build specifications are to an **exemplary high standard** with intricately selected elements, **outstanding materials** for flooring, windows & doors, and state of the art appliances for kitchens & bathrooms, all underscoring the **exceptional design and architectural features**.

Personalisation: the individual touch

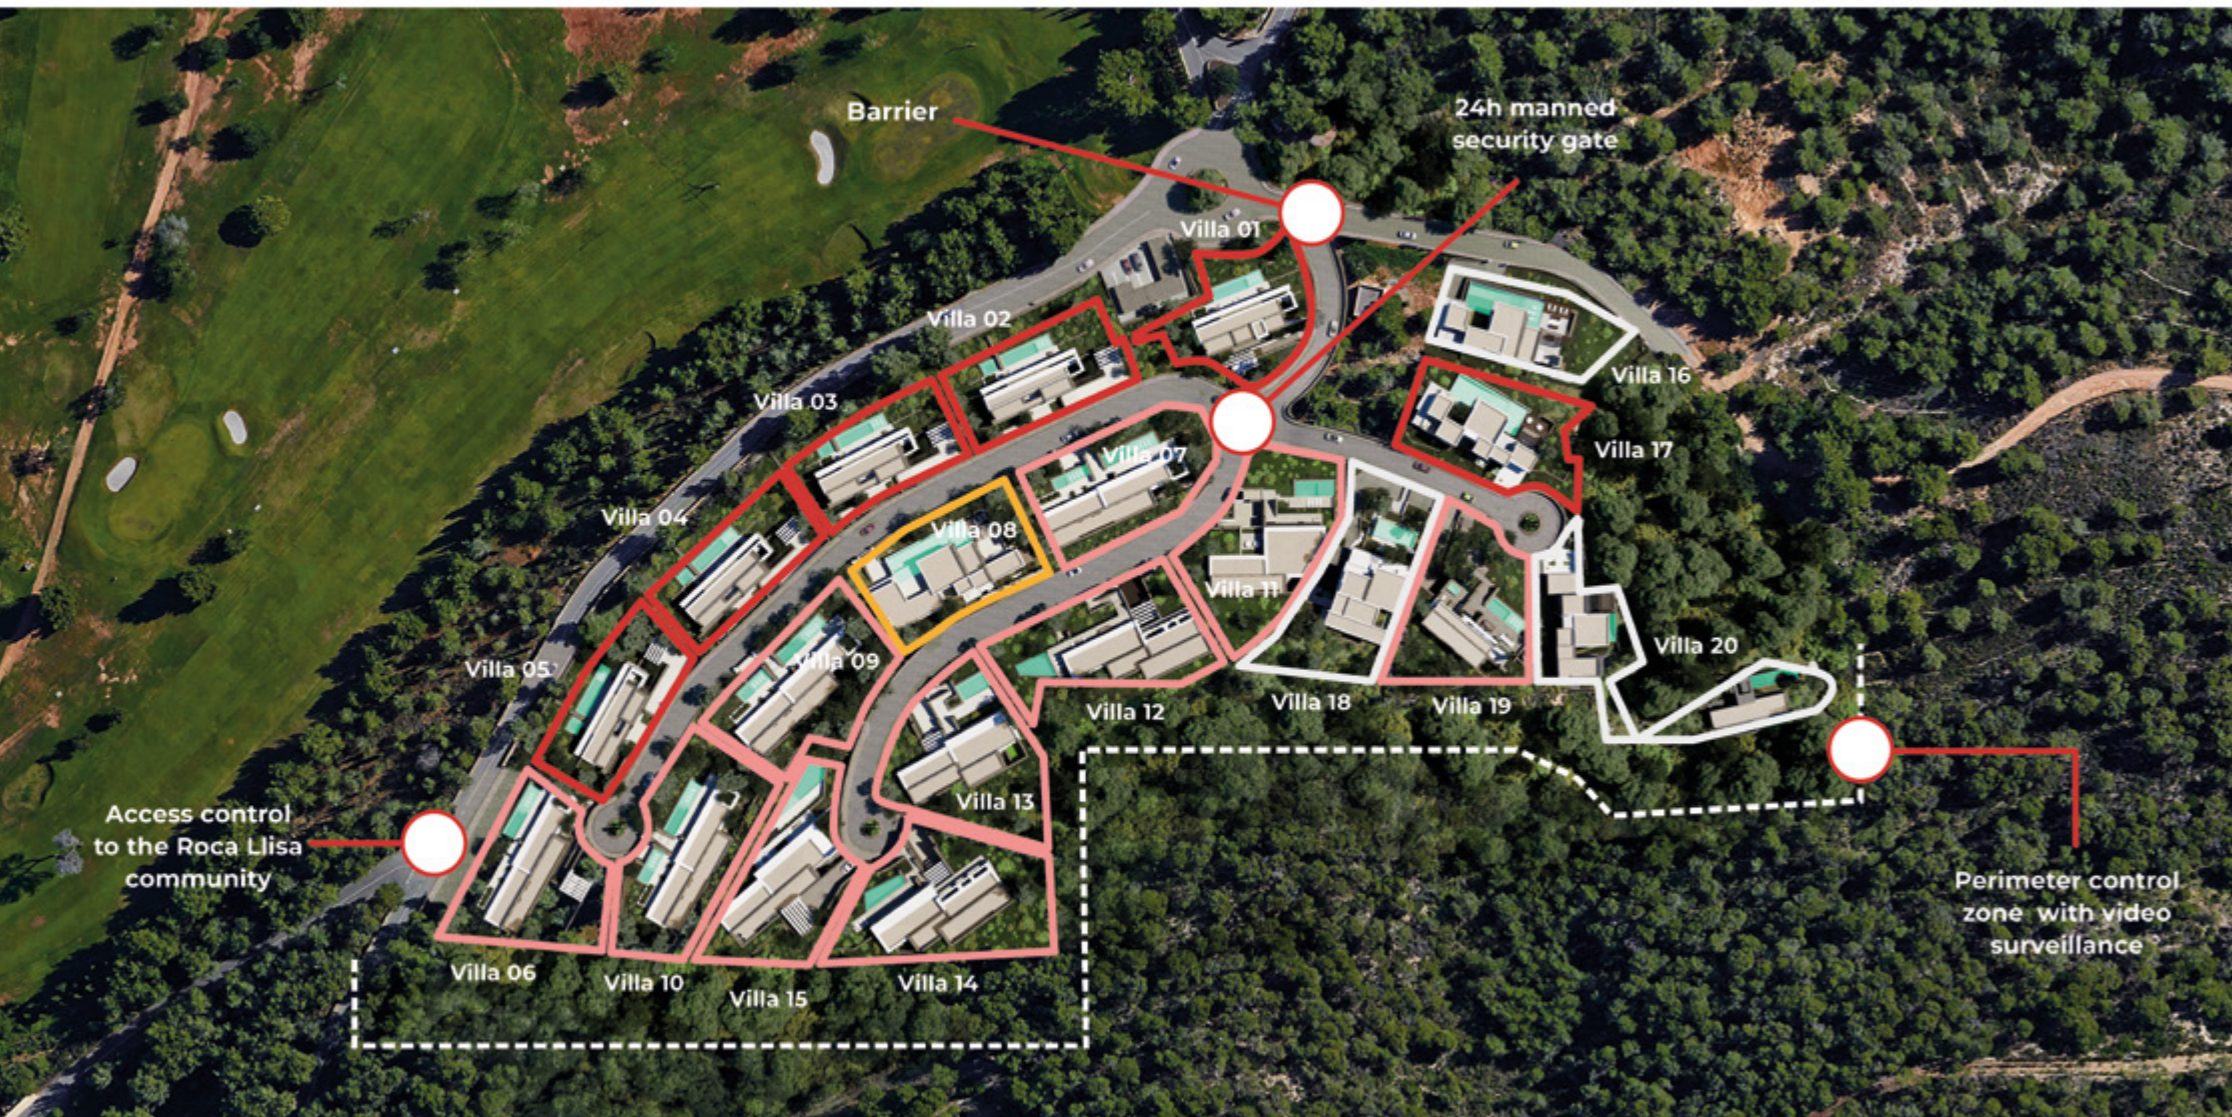

Notwithstanding the exceptionally high standards and quality of the specifications, **each Corallisa villa may be tailored** to suit the owner's personal aesthetic or wishes. The design permits **personalisation** of the kitchen and modifications can be integrated to suit individual requirements

Sustainable and energy efficient build certifications

Strong environmental credentials are also a priority. Corallisa Signature Homes incorporate **energy efficient installations** such as aero-thermal systems for high performance year-round interior climate and air quality control whilst respecting our external atmosphere. The villas have been designed for **optimal use of natural resources** in water consumption including rainwater collection, cisterns and filters.
